Sir, I have the honor to bring to Your notice that the ground around the Halebeda Temple within the Compound wall is covered with "Neggalu" thorns and the surface is broken by pits and heaps of earth and debris of Sords. When the Dewan was in Belur last, he expressed a desire to have a neat garden laid out and flowering plants planted to some extent. This improve-ment is very greatly called,-

inasmuch as all the figures which
are in good preservation in the
fallen down Temples Rathareswara
are under orders of Govermt
being removed and arranged
in nice places within the Com-
-pound. The laying out of path
ways bordered by well trimmed
margins and dotted by flowering
plants here and there will very
much tend to improve the appear-
-ance of the Surroundings. No
great elaboration of parterre
is intended but a plain arrange-
-ment of pathways leading to
objects of interest interspersed
with a few rose plants and so
forth. Some initial expendi-
-ture is necessary to prepare
the ground and after that is
done the watchmen now employ
-ed to look after the Temple

Can also look after the garden.
I have to a certain extent already
given effect to Sir K Seshadri
Iyers orders and shall complete
the laying out as soon as the
rains set in. I request you
will please authorize the
expenditure of Rs. 100/ for this
purpose to be met from the
General Savings. Up to date
about 25 Rs have been spent.

2. In this very place the Jain
Basthi as you know is a celebrated
building of Architectural Ex-
-cellence. The roof of this Temple
requires immediate repairs
and I request you will address
the Chief Engineer to have
the necessary repairs executed
before the next rains. The matter
was also noticed by Col. Henderson,
the British Resident when I

visited these Temples at the end of January last. -

3. Col. Henderson suggested that Sunlight Soap may be tried to wash away the chunam and dirt stuck in the carvings. If You will place a small sum at my disposal I shall make a trial and ascertain the result both here and in Belur -

4. With reference to Rethares. - wana Temple Col. Henderson remarked that such portion of the Temple as is now in legal may be preserved from further dilapidation, this temple having been pronounced by Dr. Ferguson as exhibiting more exquisite workmanship than even the Halebede Temple itself.

I have the honor to be
Sir
Your most obt. servt.
